First edition, 2026. Formatted for 8½ × 11-inch paper. This book contains one puzzle for each of the 42 chapters of Job, with 20 chapter-specific word entries per puzzle. Some words recur in different chapters.

Text preparation: chapter vocabulary was checked against a digital transcription of Job in the King James Version. Hyphens are omitted in the grids; spelling otherwise follows the source text. Chapter titles are editorial descriptions.

Welcome to Job

Job explores profound questions about suffering, justice, wisdom, and the greatness of God. It follows a faithful man through devastating loss, painful conversations, the LORD's answer, and eventual restoration.

These 42 puzzles follow the chapters in order. They include Job's lament, the speeches of his friends, Elihu's words, the wonders of creation described by the LORD, and the closing events of the book.

Each puzzle contains 20 words drawn from its own chapter in the King James Version. Read the chapter before or after completing the search. Each answer key gives a verse reference and the location of every word.

Read each speech in context. The book records claims made by different speakers; not every claim is endorsed by God. The LORD's correction of Job's friends in chapter 42 is essential to understanding the conversations.

"And unto man he said, Behold, the fear of the Lord, that is wisdom; and to depart from evil is understanding."

How to Use This Book

Read the chapter

Each puzzle corresponds to the chapter number printed at the top. All 20 listed words occur in that chapter of Job in the KJV.

Search in every direction

Words may run horizontally, vertically, or diagonally, forward or backward. Every word follows a straight line. Words may cross or share letters.

Mark each discovery

Circle or highlight the word in the grid, then check its box in the word list. Each listed word has one verified occurrence in its puzzle.

Keep the KJV spelling

Older spellings and Bible names are intentional. For example, DAYSMAN and HABITATION reflect the language of the KJV. Hyphens, if present, are omitted from the grids.

Use the answer keys

The answer section begins on page 49. Each key includes a highlighted grid, a verse reference for every word, and start-to-end coordinates. Row 1 is at the top; column 1 is at the left.

Print comfortably

Print at actual size on letter-size paper. Grids and answer shading are designed for black-and-white printing. Print pages 7-48 for puzzles alone; pages 49-90 contain the keys.

The Journey Continues

You have completed all 42 chapters of Job. These puzzles have followed loss and lament, searching questions, disputed explanations, the wonders of creation, and the final response of Job before God.

Return to chapter 28 on wisdom, the LORD's speeches in chapters 38-41, and the correction of Job's friends in chapter 42. Read the individual speeches in light of the whole book.

"I have heard of thee by the hearing of the ear: but now mine eye seeth thee."
Job 42:5 (KJV)

Job cautions against easy explanations for another person's suffering. His conversations invite careful listening, humility about the limits of human understanding, and reverence before the wisdom and power of God.

Continue into Psalms to encounter prayers and songs of lament, thanksgiving, trust, and praise across the varied experiences of life.

Reading Notes

Record a verse, a question, or something you learned while reading Job.
